

Department of KINESIOLOGY

Faculty Members:

Larry McClements, M.A.

Majors:

Exercise Science

Health/Physical Education

Sport Management (Interdisciplinary)

Sport Studies

Department Mission:

The mission of the kinesiology department is to instill in its students an appreciation of and a commitment to the stewardship of the physical dimension of the whole person. We also seek to equip our students with a faith-directed understanding of human movement to be used in service to God and others as knowledgeable, competent, and caring professionals.

Department Distinctives:

Health and Physical Education- Students must be accepted into the college of education, pass teaching certification examinations and successfully complete fifteen weeks of student teaching.

Exercise Science

Exercise science majors have access to laboratories with scientific and technological equipment to aid in the learning. Experiential learning while assessing health and skill related physical fitness assists students for real world measurement and evaluation. Students have the opportunity to rate and rank movement while using the Functional Movement Screen.

This degree is a solid foundation for graduate studies in exercise physiology, nutrition, performance enhancement, higher education, and physical or occupational therapy. Possible careers include biomechanics, cardiac rehabilitation, clinical exercise physiologist, dietitian/ sport dietitian, health promotion/ wellness coach, occupational therapist, personal trainer, physical therapist, physician assistant, and strength and conditioning coach/director.

Health and Physical Education

ALL GRADES

The teacher education program emphasizes age-appropriate, hands-on learning experiences that promote practices for a healthy lifestyle with movement experiences that can be enjoyed throughout life. Upon completion of this program students will be certified to teach both health and physical education in grades preschool through twelfth in Indiana. Possible careers include adaptive physical education, community health instructor, health teacher, health and physical education teacher, outdoor education leader, physical education teacher, and coaching.

Sport Management Interdisciplinary Major

The sport management major is designed for students who have an interest in the day-to-day operations of the sport industry. This interdisciplinary major includes coursework in accounting, communications, human resources, marketing and management. Through internship experience, students have the opportunity to apply the knowledge gained in their coursework to real life situations. Possible careers include athletic administration, facility director, health club management, health promotion director, intramural director (college and university), recreation director, sports management, sports marketing, sports ministry, and YMCA & YWCA director.

Sport Studies Major

The sport studies major prepares you to be a “generalist” in kinesiology. Students have the ability to ‘pick and choose’ classes and experiences to acquire the skills to specialize in specific areas of kinesiology. Possible careers include camp counselor/director, coaching, equipment/ apparel team sales, facility director, health promotion/wellness coach, parks and recreation, senior fitness director, sports information director, sports ministry, strength and conditioning coach/director- CERT.
